

# White Rabbit

Jefferson Airplane

[F#] [G] x 2

[F#] One pill makes you larger  
[G] and one pill makes you small  
And the [F#] ones that mother gives you  
don't do [G] anything at all

Go ask [A] Alice [C] when she's [D] ten feet [A] tall

And if [F#] you go chasing rabbits  
and you [G] know you're going to fall  
Tell 'em a [F#] hookah smoking caterpillar  
has [G] given you the call

Call [A] Alice [C] when she [D] was just [A] small

When the [E] men on the chessboard  
get up and [A] tell you where to go  
And [E] you've just had some kind of mushroom  
and your [A] mind is moving slow

Go ask [F#] Alice ... I think she'll know

When [F#] logic and proportion  
have [G] fallen sloppy dead  
And the [F#] White Knight is talking backwards  
and the [G] Red Queen's off with her head

Re[A]member [C] what the [D] dormouse [A] said

[E] Feed your [A] head  
[E] Feed your [A] head  
*Abrupt stop*
